

**Brigadier General Ronald M. Bouchard, Chief of Staff,
U.S. Army Forces Command, Forces Command (FORSCOM - G6)
Keynote at the 2010 Army Commercial SATCOM Users' Workshop
Monday, August 2, 2010 at LandWarNet 2010**

The Satellite Industry Association (SIA) and the U.S. Army PM WIN-T have the honor of announcing that BG Ronald M. Bouchard, Deputy Chief of Staff, U.S. Army Forces Command, Forces Command (FORSCOM - G6), Fort McPherson, GA, will keynote at the [Third Army Commercial SATCOM Users Workshop](#), on Monday, August 2, 2010 from 0900 to 1000, in Room 18 (first floor of Tampa Convention Center) - preday to AFCEA's [LandWarNet 2010](#) in Tampa, Florida.

BG Bouchard will speak about the current state of satellite communications from the Joint Forces Communications (FORSCOM G6) perspectives on the requirements and attributes from both the Army and the commercial SATCOM community to support the warfighters, as well as the future of cooperative efforts between the U.S. Armed Forces and the satellite industry.

[This full-day workshop](#), held on the pre-day of LandWarNet, aims to link the Army end- user community with the commercial satellite industry providing critical SATCOM requirements for the Army warfighter. DoD and industry leaders will participate in interactive sessions focusing on space capacity, and service requirements for Army SATCOM users, as well as exploring emerging technologies and applications to address shifting on-the-ground requirements and changing budgetary and bandwidth realities for the Army's SATCOM usage.

To register for the SIA Commercial SATCOM User's Army Workshop click [here](#).

If you have further questions regarding the workshop and sponsorships, please contact Marie-Pierre Bloch, Director of Communications at SIA at mbloch@sia.org.

PM WIN-T's co-sponsorship does not constitute federal endorsement of SIA or any other sponsors of this event.
