

CIO/G-6's Brigadier General James Thomas Walton (USAR)
Director, Chief Integration Office

to Open

SIA's Fourth Annual Army Commercial SATCOM User's Workshop
Monday, August 22, 2011 at LandWarNet 2011

The Satellite Industry Association (SIA) and the U.S. Army's Project Manager Warfighter Information Network – Tactical (PM WIN-T) are honored to announce that **Brigadier General James Thomas Walton (USAR)**, Director, Chief Integration Office, Office of the Chief Information Officer/G-6 will give opening remarks at SIA's **Fourth Army Commercial SATCOM Users Workshop, on Monday, August 22, 2011**. The Workshop, held on the pre-day to AFCEA's [LandWarNet 2011](#) at the Tampa Convention Center, is co-organized by SIA and PM WIN-T.

[The full-day workshop](#) aims to link the Army end-user community with the commercial satellite industry providing critical SATCOM requirements for the Army warfighter. DoD and industry leaders will participate in interactive sessions focusing on space capacity and service requirements for Army SATCOM users, as well as exploring emerging technologies and applications to address shifting on-the-ground requirements and changing budgetary and bandwidth realities for the Army's SATCOM usage.

To register for the SIA Commercial SATCOM User's Army Workshop [click here](#).

If you have further questions regarding the workshop and sponsorships, please contact Marie-Pierre Pluinage, Director of Communications at SIA at mpluinage@sia.org.

PM WIN-T's co-sponsorship does not constitute federal endorsement of SIA or any other sponsors of this event.
